

*From the desk of our
Superintendent,
Dr. David Powell:*

On behalf of the students, staff, and board members of SouthernTech, I wish to extend our 'thank you' for your continued support of our quality training services.

In the past several years, we have been uploading our curriculum to a cloud-based learning management system. We did this, as most of our offerings need to be available at various levels at any one given time. This huge undertaking also prepared us for lengthy interruptions, such as pandemics. We were very prepared to teach much of our curriculum via remote learning. A huge THANK YOU goes out to our absolutely fantastic instructors. They quickly put their creative efforts to work by adding even more lessons with new videos demonstrating the missing physical training aspects.

Our mission is simply to provide quality education and training services to secure the future of southern Oklahoma. We do this by offering a wide variety of training programs to all walks of life. We can quickly pivot to directly target training needs of the area. No red tape, no bureaucracy, just what you need, as quickly as possible. From individuals seeking that first job, to large companies retraining their entire staff, we love to empower people with relevant, marketable knowledge.

Thank you for your part in making your community technology center a success!

SouthernTech currently offers 20+ career training programs at its 40-acre facility. SouthernTech recognizes that the success of local economic development efforts is directly connected with the area's ability to supply a technically trained workforce. Therefore, the employment needs of the region continue to be the driving force of SouthernTech's growth. We could not meet this need without the generous time and support of our community and Board of Education. We thank our board for their tireless efforts to represent their district zone and to help make decisions that best impact southern Oklahoma. Thank you, to our dedicated board members in 2019-2020:

Bob Thomason, President; Dana Gossvener, Vice President; Bill Coleman, Clerk; Richard Chadwick; Georganne Westfall; and Brian McDonald who was appointed in May 2020.
